

CARETRACK

Empowering Care, Streamlining Lives!

CARETRACK aims to deliver efficient Database Management Systems tailored for nursing homes, prioritizing affordability and simplicity.

Target Business

Autumn Lake Healthcare

Advantages

- Efficiency improvement through digitized records
- Enhanced record keeping and accessibility
- Improved patient care with timely information
- Compliance assurance with regulatory standards
- Better resource allocation for staff and rooms

Limitations

- Initial setup time and effort required
- Learning curve for staff training
- Financial investment for implementation and maintenance

Implemented Functions

- Record management for patients, staff, and guests
- Data querying for generating specific lists
- Patient care tracking including medication and emergencies
- Staff management for scheduling and workload
- Visitor management and tracking
- Medical information retrieval for diagnoses and medications
- Regulatory compliance assistance
